NOTES TO THE INTERIM FINANCIAL STATEMENTS
(Unaudited)

NOTE 1 – NATURE OF BUSINESS AND BASIS OF PRESENTATION

Zev Ventures Inc. (the “Company”) is a Nevada Corporation, incorporated under the laws of the State of Nevada on December 22, 2014. The Company’s business plan involves purchasing tickets online for popular sport’s events and reselling them through online marketplaces.

Basis of Presentation

The Company maintains its accounting records on an accrual basis in accordance with generally accepted accounting principles in the United States of America (“U.S. GAAP”).

These financial statements are presented in US dollars.

Fiscal Year End

The Corporation has adopted a fiscal year end of December 31.

Unaudited Interim Financial Statements

The interim financial statements of the Company as of September 30, 2017, and for the period then ended, are unaudited. However, in the opinion of management, the interim financial statements include all adjustments, consisting of only normal recurring adjustments, necessary to present fairly the Company’s financial position as of September 30, 2017, and the results of its operations and its cash flows for three and nine month period ended September 30, 2017. These results are not necessarily indicative of the results expected for the calendar year ending December 31, 2017. The accompanying financial statements and notes thereto do not reflect all disclosures required under accounting principles generally accepted in the United States. Refer to the Company’s audited financial statements as of December 31, 2017, for additional information, including significant accounting policies.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies are set out below, these policies have been consistently applied to the period presented, unless otherwise stated:

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts or revenues and expenses during the reporting period. Actual results could differ from those estimates.

Going concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates the realization of assets and the liquidation of liabilities in the normal course of business. As at September 30, 2017 the Company has a deficit from operations of \$86,063 and has not earned sufficient revenues to cover operating costs and has a working capital deficit of \$63,793. The Company intends to fund operations through equity financing arrangements, which may be insufficient to fund its capital expenditures, working capital and other cash requirements for the year ending December 31, 2017.

The ability of the Company to emerge from the development stage is dependent upon, among other things, obtaining additional financing to continue operations, and development of its business plan. In response to these problems, management intends to raise additional funds through public or private placement offerings.

These factors, among others, raise substantial doubt about the Company’s ability to continue as a going concern. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Cash and cash equivalents

Cash and equivalents include investments with initial maturities of three months or less. The Company maintains its cash balances at credit-worthy financial institutions that are insured by the Federal Deposit Insurance Corporation (“FDIC”) up to \$250,000.

Inventory

The Company purchases online tickets to sporting events that are held as inventory. Inventories are presented at the lower of cost or net realizable value and are expensed through cost of sales when sold. The company plans to utilize the specific identification method of accounting for inventory since each ticket is identifiable by a unique ticket number and is easy to track from purchase up to sale. As at September 30, 2017 the Company has \$1,753 in inventories.

Property, plant and equipment

The Company does not own any property, plant and equipment.

Accounts Payable and Accrued Expenses

Accounts payable and accrued expenses are carried at amortized cost and represent liabilities for goods and services provided to the Company prior to the end of the financial year that are unpaid and arise when the Company becomes obliged to make future payments in respect of the purchase of these goods and services.

Revenue Recognition

The Company recognizes revenue when all of the following have occurred: persuasive evidence of an agreement with the customer exists, delivery has occurred or services have been rendered, the selling price is fixed or determinable and collectability of the selling price is reasonably assured.

The Company recognizes revenue when the online sale has been processed as delivery has occurred, the selling price has been determined and proceeds have been collected.

Cost of Sales

Cost of sales consists of the cost of merchandise sold to customers.

Income Taxes

Income taxes are accounted for in accordance with ASC Topic 740, "Income Taxes." Under the asset and liability method, deferred tax assets and liabilities are recognized for the future consequences of differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases (temporary differences). Deferred tax assets and liabilities are measured using tax rates expected to apply to taxable income in the years in which those temporary differences are recovered or settled. Valuation allowances for deferred tax assets are established when it is more likely than not that some portion or all of the deferred tax assets will not be realized.

Earnings per Share

The Company computes net loss per share in accordance with ASC 260, "Earnings Per Share" ASC 260 requires presentation of both basic and diluted earnings per share ("EPS") on the face of the income statement. Basic EPS is calculated by dividing the profit or loss attributable to common shareholders of the Company by the weighted average number of common shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to common shareholders and the weighted average number of common shares outstanding for the effects of all potential dilutive common shares, which comprise options granted to employees. As September 30, 2017, the Company had no potentially dilutive shares.

Fair Value of Financial Instruments

The Company measures assets and liabilities at fair value based on an expected exit price as defined by the authoritative guidance on fair value measurements, which represents the amount that would be received on the sale of an asset or paid to transfer a liability, as the case may be, in an orderly transaction between market participants. As such, fair value may be based on assumptions that market participants would use in pricing an asset or liability. The authoritative guidance on fair value measurements establishes a consistent framework for measuring fair value on either a recurring or nonrecurring basis whereby inputs, used in valuation techniques, are assigned a hierarchical level.

The following are the hierarchical levels of inputs to measure fair value:

- Level 1: Quoted prices in active markets for identical instruments;
- Level 2: Other significant observable inputs (including quoted prices in active markets for similar instruments);
- Level 3: Significant unobservable inputs (including assumptions in determining the fair value of certain investments).

	<u>\$</u>	<u>\$</u>
Loan from related party	<u>68,133</u>	<u>52,503</u>

The above loan is unsecured, bears no interest and has no set terms of repayment. This loan is repayable on demand.

NOTE 4 – STOCKHOLDER’S DEFICIT**Common Stock**

On December 22, 2014, the Company issued 3,000,000 shares of common stock to the director of the Company at a price of \$0.0001 per share, for \$300 cash.

During June 2017, the company issued 420,000 shares of common stock to shareholders at a price of \$0.05 per share, for \$21,000 cash.

During July 2017, the company issued 20,000 shares of common stock to shareholders at a price of \$0.05 per share, for \$1,000 cash.

At July 26, 2017 the company made a share split and gave 4 shares for every share, and issued 10,320,000 shares total 13,760,000.

At July 26, 2017 the director cancelled by 8,000,000 shares of his.

NOTE 5 – INCOME TAXES

The benefit for income taxes for the periods ended September 30, 2017 and December 31, 2016 differ from the amount which would be expected as a result of applying the statutory tax rates to the losses before income taxes due primarily to changes in the valuation allowance to fully reserve net deferred tax assets.

Realization of deferred tax assets is dependent upon sufficient future taxable income during the period that deductible temporary differences and carry-forwards are expected to be available to reduce taxable income.

The components of these differences are as follows:

	September 30, 2017 <u>(Unaudited)</u> \$	September 30, 2016 <u>(Unaudited)</u> \$
Net tax loss carry-forwards	(30,920)	(19,114)
Statutory rate	15%	15%
Expected tax recovery	(4,638)	(2,867)
Change in valuation allowance	4,638	2,867
Income tax provision	<u>—</u>	<u>—</u>
	September 30, 2017 <u>(Unaudited)</u> \$	December 31, 2016 <u>(Audited)</u> \$
Components of deferred tax assets:		
Non capital tax loss carry forwards	12,909	8,271
Less: valuation allowance	(12,909)	(8,271)
Net deferred tax asset	<u>—</u>	<u>—</u>

The Company has provided a valuation allowance against the full amount of the deferred tax asset due to management's uncertainty about its realization. As of September 30, 2017 the Company had approximately \$86,063 in tax loss carryforwards that can be utilized future periods to reduce taxable income, and expire by the year 2037.

NOTE 6 – RELATED PARTY TRANSACTIONS

Details of transactions between the Corporation and related parties are disclosed below.

The following entities have been identified as related parties:

Zev Turetsky Director and greater than 10% stockholder

The following transactions were carried out with related parties:

From time to time, the president and stockholder of the Company provides advances to the Company for its working capital purposes. These advances bear no interest and are due on demand.

NOTE 7 – SUBSEQUENT EVENTS

In accordance with ASC 855-10, Company management reviewed all material events through the date of this report and determined that there are no additional material subsequent events to report.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This Management's Discussion and Analysis includes a number of forward-looking statements that reflect our current views with respect to future events and financial performance. Forward-looking statements are often identified by words like: "believe," "expect," "estimate," "anticipate," "intend," "project," "will," "should" and similar expressions, or words which, by their nature, refer to future events. You should not place undue certainty on these forward-looking statements, which apply only as of the date of this Form 10-Q. These forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from historical results or our predictions. We undertake no obligation to update or revise publicly any forward-looking statements, whether because of new information, future events, or otherwise.

Our financial statements are stated in United States dollars and are prepared in accordance with United States generally accepted accounting principles.

In this quarterly report, unless otherwise specified, all dollar amounts are expressed in United States dollars and all references to "common stock" refer to the common shares in our capital stock.

As used in this Quarterly Report, the terms "we," "us," "Company," "our" and "Spirit" mean Zev Ventures, Inc., unless otherwise indicated.

THERE IS SUBSTANTIAL UNCERTAINTY ABOUT OUR ABILITY TO CONTINUE OUR OPERATIONS AS A GOING CONCERN.

Results of Operations

Our results of operations are presented below:

Results of Operations for the Three and Nine Months Ended September 30, 2017.

Revenue for the three and nine months ended September 30, 2017 was \$1,042 and \$2,698.

Total Operating expenses for the three and nine months ended September 30, 2017 was \$18,164 and \$27,572.

Liquidity and Capital Resources

As of September 30, 2017, we had \$3,908 in cash and \$6,870 in total assets, and \$70,633 in total liabilities as compared to \$2,382 in cash, and \$5,600 in total assets, and \$60,503 in total liabilities as of December 31, 2016.

We are dependent on our revenues for cash flow, as we have minimized cash flow requirements through equity or debt financing. However, as we intend to expand operations, it is likely that we will require cash flow from financing in the future which could affect our ability to become cash flow positive.

For the nine months ending September 30, 2017 net cash of \$36,104 was used by operating activities, compared to net cash of \$22,927 used by operating activities for the nine months ending September 30, 2016.

During the nine months ending September 30, 2017, net cash of \$37,630 was provided by financing activities compared to net cash of \$24,200 for the nine months ending September 30, 2016.

Off-Balance Sheet Arrangements

We have no significant off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to stockholders.

Inflation

The amounts presented in the financial statements do not provide for the effect of inflation on our operations or financial position. The net operating losses shown would be greater than reported if the effects of inflation were reflected either by charging operations with amounts that represent replacement costs or by using other inflation adjustments.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are an emerging growth company as defined by Rule 12b-2 of the Securities Exchange Act of 1934 and, as such, are not required to provide the information under this item.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act). Disclosure controls and procedures refer to controls and other procedures designed to ensure that information required to be disclosed in the reports we file or submit under the Securities Exchange Act is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the SEC and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

As required by Rule 13a-15(e), our management has carried out an evaluation, with the participation and under the supervision of Zev Turetsky our President and Principal Accounting Officer, of the effectiveness of the design and operation of our disclosure controls and procedures, as of September 30, 2017. Based upon, and as of the date of this evaluation, Zev Turetsky determined that our disclosure controls and procedures were effective at the reasonable assurance level.

Changes in Internal Control over Financial Reporting

During the fiscal quarter ended September 30, 2017, there were no changes in our internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

From time to time, we may become involved in various lawsuits and legal proceedings, which arise in the ordinary course of business. However, litigation is subject to inherent uncertainties, and an adverse result in these or other matters may arise from time to time that may harm business. We are currently not aware of any such legal proceedings or claims that will have, individually or in the aggregate, a material adverse affect on our business, financial condition or operating results.

ITEM 1A. RISK FACTORS

We are an emerging growth company as defined by Rule 12b-2 of the Securities Exchange Act of 1934 and, as such, are not required to provide the information under this item.
