PART I

ITEM 1. BUSINESS

Forward Looking Statements

This Annual Report on Form 10-K ("Annual Report") contains forward-looking statements. These statements relate to future events or our future financial performance. In some cases, you can identify forward-looking statements by terminology such as "may," "should," "expects," "plans," "anticipates," "believes," "estimates," "predicts," "potential," or "continue" or the negative of these terms or other comparable terminology.

Forward looking statements are made based on management's beliefs, estimates and opinions on the date the statements are made and we undertake no obligation to update forward-looking statements if these beliefs, estimates and opinions or other circumstances should change. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Except as required by applicable law, including the securities laws of the United States, we do not intend to update any of the forward-looking statements to conform these statements to actual results.

The safe harbors of forward-looking statements provided by Section 21E of the Exchange Act are unavailable to issuers of penny stock. As we issued securities at a price below $5.00 per share, our shares are considered penny stock and such safe harbors set forth under the Private Securities Litigation Reform Act of 1995 are unavailable to us.

Our financial statements are stated in United States dollars and are prepared in accordance with United States generally accepted accounting principles.

In this annual report, unless otherwise specified, all dollar amounts are expressed in United States dollars and all references to "common stock" refer to the common shares in our capital stock.

As used in this Annual Report, the terms "we," "us," "Company," "our" and "Zev Ventures, Inc." mean Zev Ventures, Inc., unless otherwise indicated.

THERE IS SUBSTANTIAL UNCERTAINTY ABOUT OUR ABILITY TO CONTINUE OUR OPERATIONS AS A GOING CONCERN.

In their audit report dated March 27, 2017 our auditors have expressed an opinion that substantial doubt exists as to whether we can continue as an ongoing business. Because our officers may be unwilling or unable to loan or advance any additional capital to us, we believe that if we do not raise additional capital, we may be required to suspend or cease the implementation of our business plan. See the Audited Financial Statements - Auditors Report". Because our auditor has issued an opinion that substantial doubt exists as to whether we can continue as a going concern, it may be more difficult to attract investors.

Corporate Information

Zev Ventures, Inc. ("Zev Ventures, Inc." or the "Company") was incorporated in the State of Nevada on December 22, 2014, and our fiscal year end is December 31. The Company's administrative address is 500C Grand St. Apartment 3G New York NY, 10002. Our telephone number is (631) 418-7044.

Zev Ventures, Inc. has begun generating revenues and continues to grow our inventory, however, our ability to fully implement our business plan requires us to raise additional funds for marketing and inventory.

Zev Ventures, Inc. has never declared bankruptcy, been in receivership, or involved in any kind of legal proceeding. The Company, its directors, officers, affiliates and promoters, have not and do not intend to enter into negotiations or discussions with representatives or owners of any other businesses or companies regarding the possibility of an acquisition or merger.

The Company purchases sporting events and concert tickets in bulk directly from ticket vendors such as Ticketmaster and directly from the sports franchises and sports associations. The Company intends to focus on tickets offered by the following sports leagues: Major League Baseball ("MLB"), the National Basketball Association ("NBA"), the National Hockey League ("NHL"), and the National Football League ("NFL"). Teams in these leagues sell their tickets for below market price in order to insure games are sold out and to maintain customer loyalty. We intend to capitalize on this market inefficiency by reselling tickets purchased from primary vendors at the price actually commanded by the market on StubHub, a ticket resale marketplace.

Buying tickets on the primary market in bulk and months in advance of a given sporting event will permit us to resell those tickets on the secondary market at a 5-20% markup. For tickets to events in unusually high demand, such as playoff games or late-season games with potential playoff implications, the markup can be as high as 30-100%.

Our ability to profit on the resale of tickets depends highly on an event's ability to sell out. Sold out events eliminate primary market vendors from our competition and decrease the supply of tickets, thus increasing our profits. Our ability to see real growth requires additional funding to ensure we have the ability to buy as many tickets as possible. If we focus on simply one team, we will not be able to ensure at least some playoff tickets.

Products

The Company purchases online tickets to sporting events that are held as inventory. Inventories are presented at the lower of cost or net realizable value and are expensed through cost of sales when sold. The company plans to utilize the specific identification method of accounting for inventory since each ticket is identifiable by a unique ticket number and is easy to track from purchase up to sale. As at December 31, 2017 the Company had $4,068 in inventories.

Competition

Barrier to entry in the industry is extremely low and there are many competitors. Since we've launched our website for the purpose of selling our tickets, our primary competition will be other ticket resellers on StubHub, Ticketliquidator.com, Ticketnetwork.com, Ticketsnow.com, and Vividseats.com.

For events that fail to sell out, we also compete with primary ticket vendors, such as TicketMaster.

As a small company compared to some of our competitors, they have significantly greater financial and marketing resources. They may have a greater advantage to negotiate higher commissions because of their more recognizable brand. There are no assurances that our efforts to compete in the marketplace will be successful.

Employees

Zev Ventures, Inc. has no employees. Our officer and director is donating his time to the development of the company, and intends to do whatever work is necessary in order to bring us to the point of greater revenues. We have no other employees, and do not foresee hiring any additional employees in the near future. Our officer and director will also be responsible for designing and developing our website and auction system, and managing our Internet Marketing efforts.

Patents, Copyrights and Trademarks

There are no aspects of our business plan that require a patent, trademark, or product license.

Government Regulation

We are not currently subject to direct federal, state, or local regulation other than the requirement to have a business license for the area in which we conduct business.

ITEM 1A. RISK FACTORS

We are an emerging growth company as defined by Rule 12b-2 of the Securities Exchange Act of 1934 and, as such, are not required to provide the information under this item.

ITEM 1B. UNRESOLVED STAFF COMMENTS

We are an emerging growth company as defined by Rule 12b-2 of the Securities Exchange Act of 1934 and, as such, are not required to provide the information under this item.

ITEM 2. PROPERTIES

We currently maintain our executive offices at 500C Grand St. Apartment 3G New York NY, 10002.

ITEM 3. LEGAL PROCEEDINGS

The company is not a party to any legal proceedings.

ITEM 4. MINE SAFTEY DISCLOSURES

Not applicable to our operations.

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

Market Information

A limited trading market currently exists for shares of our common stock of the Company on the OTCPink Sheets market, under the symbol "ZVVT." We intend to apply to have our common stock listed for quotation on the OTCMarkets QB in the furture.

Number of Holders

As of March 19, 2018, the Company had 5,760,000 shares of common stock issued and outstanding and no shares of the preferred stock .

Dividends

It is our present intention not to pay any cash dividends in the foreseeable future, but rather to reinvest earnings, if any, in our business operations.

Securities authorized for issuance under equity compensation plans

We have no compensation plans (including individual compensation arrangements) under which our equity securities are authorized for issuance.

Recent Sales of Unregistered Securities

Set forth below is information regarding the issuance and sales of securities without registration since inception. No such sales involved the use of an underwriter; no advertising or public solicitation was involved; the securities bear a restrictive legend; and no commissions were paid in connection with the sale of any securities.

On December 22, 2014, the Company issued 3,000,000 shares of common stock to Mr. Turetsky for cash at $0.0001 per share for a total of $300.00.

These securities were issued in reliance upon the exemption contained in Section 4(a)(2) of Securities Act of 1933. These securities were issued to the founders of the Company and bear a restrictive legend. No written agreement was entered into regarding the sale of stock to the Company's founders.

During June 2017, the Company sold a total of 420,000 shares of common stock to 21 shareholders pursuant to a Form S-1/A, filed on September 27, 2016 and declared effective on October 17, 2016. The shares were sold at a price per share of $.05 for a total of $21,000. During July 2017, the Company sold an additional 20,000 shares of common stock pursuant to the S-1/A at a price per share of $.05 for $1,000.

On July 26, 2017, the Company completed a forward stock split of 4 for 1 and issued 10,320,000 shares. Also on July 26, 2017, the sole director cancelled 8,000,000.

Use of Proceeds of Registered Securities.

We intend to continue to fund our operations and then our business plan. No assurance can be given that the net proceeds from the total number of shares sold in the Form S-1/A will be sufficient to accomplish our goals.

Purchases of Equity Securities.

None.

Transfer Agent

We have engaged Globex Transfer, LLC, 780 Deltona Blvd., Suite 202, Deltona, FL 32725, as our transfer agent.

ITEM 6. SELECTED FINANCIAL DATA

The following financial information summarizes the more complete historical financial information at the end of this Prospectus.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with our consolidated financial statements and the notes thereto included in this Report beginning on page F-1. The results shown herein are not necessarily indicative of the results to be expected in any future periods. This discussion contains forward-looking statements based upon current expectations that involve risks and uncertainties, such as our plans, objectives, expectations and intentions. Actual results and the timing of events could differ materially from those anticipated in these forward-looking statements as a result of a number of factors. We use words such as "anticipate," "estimate," "plan," "project," "continuing," "ongoing," "expect," "believe," "intend," "may," "will," "should," "could," and similar expressions to identify forward-looking statements.

Significant Accounting Policies

Our discussion and analysis of our results of operations and liquidity and capital resources are based on our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and disclosure of contingent assets and liabilities. On an ongoing basis, we evaluate our estimates and judgments, including those related to revenue recognition, valuation of intangible assets and investments, share-based payments, income taxes and litigation. We base our estimates on historical and anticipated results and trends and on various other assumptions that we believe are reasonable under the circumstances, including assumptions as to future events. These estimates form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. By their nature, estimates are subject to an inherent degree of uncertainty. Actual results that differ from our estimates could have a significant adverse effect on our operating results and financial position. We believe that the following significant accounting policies and assumptions may involve a higher degree of judgment and complexity than others.

Emerging Growth Company

We qualify as an "emerging growth company" under the JOBS Act. As a result, we are permitted to, and intend to, rely on exemptions from certain disclosure requirements. For so long as we are an emerging growth company, we will not be required to:

- have an auditor report on our internal controls over financial reporting pursuant to Section 404(b) of the Sarbanes-Oxley Act;
- comply with any requirement that may be adopted by the Public Company Accounting Oversight Board regarding mandatory audit firm rotation or a supplement to the auditor's report providing additional information about the audit and the financial statements (i.e., an auditor discussion and analysis);

- submit certain executive compensation matters to shareholder advisory votes, such as “say-on-pay” and “say-on-frequency;” and
- disclose certain executive compensation related items such as the correlation between executive compensation and performance and comparisons of the CEO’s compensation to median employee compensation.

In addition, Section 107 of the JOBS Act also provides that an emerging growth company can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act for complying with new or revised accounting standards. In other words, an emerging growth company can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We have elected to take advantage of the benefits of this extended transition period. Our financial statements may therefore not be comparable to those of companies that comply with such new or revised accounting standards.

We will remain an “emerging growth company” for up to five years, or until the earliest of (i) the last day of the first fiscal year in which our total annual gross revenues exceed $1 billion, (ii) the date that we become a “large accelerated filer” as defined in Rule 12b-2 under the Securities Exchange Act of 1934, which would occur if the market value of our ordinary shares that is held by non-affiliates exceeds $700 million as of the last business day of our most recently completed second fiscal quarter or (iii) the date on which we have issued more than $1 billion in non-convertible debt during the preceding three year period.

Results of Operations

Our results of operations are presented below:

Results of Operations for the Twelve Months Ended December 31, 2017 compared to the Twelve Months Ended December 31, 2016.

During the twelve months ended December 31, 2017 we incurred a net loss of $44,663, compared to a net loss of $34,580 during the same period in fiscal December 31, 2016. The increase in our net loss during the year ended December 31, 2017 was primarily due to increased operating costs relating to salaries and other general and administrative expenses.

Our total operating expenses for the year ended December 31, 2017 were $38,436, compared to operating expenses of $27,670 during the same period in fiscal December 31, 2016.

Liquidity and Capital Resources

As of December 31, 2017, we had $3,410 in cash and $8,127 in total assets, and $85,633 in total liabilities as compared to $2,382 in cash, and $5,660 in total assets, and $60,503 in total liabilities as of December 31, 2016.

We are dependent on our revenues for cash flow, as we have minimized cash flow requirements through equity or debt financing. However, as we intend to expand operations, it is likely that we will require cash flow from financing in the future which could affect our ability to become cash flow positive.

For the year ending December 31, 2017 we used net cash of $45,602 in operating activities, compared to net cash used of $28,992 in operating activities during the same period in fiscal December 31, 2016. During the year ended December 31, 2017, net cash of $46,630 was provided by financing activities compared to net cash of $26,200 during the same period in fiscal December 31, 2016.

Off-Balance Sheet Arrangements

We have no significant off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to stockholders.

Inflation

The amounts presented in the financial statements do not provide for the effect of inflation on our operations or financial position. The net operating losses shown would be greater than reported if the effects of inflation were reflected either by charging operations with amounts that represent replacement costs or by using other inflation adjustments.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are a smaller reporting company as defined by Rule 12b-2 of the Securities Exchange Act of 1934 and, as such, are not required to provide the information under this item.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

ZEV VENTURES, INC

FINANCIAL STATEMENTS
For the year ended DECEMBER 31, 2017

CONTENTS:

REPORT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and the Board of Directors of Zev Ventures, Inc.

Opinion on the Financial Statements

We have audited the accompanying balance sheets of Zev Ventures, Inc ("the Company") as of December 31, 2017 and 2016 and the related statements of operations, changes in stockholders' deficit and cash flows, for each of the three years in the period ended December 31, 2017, and the related notes and schedules (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2017 and 2016, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2017, in conformity with generally accepted accounting principles in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company has not established a source of revenue sufficient to cover its operating costs. As of December 31, 2017, the Company does not have sufficient working capital and cash resources to meet its planned business objectives. These and other factors raise substantial doubt about the Company's ability to continue as a going concern. Management's plan regarding these matters is also described in Note 2 to the financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

ZEV VENTURES, INC
NOTES TO THE AUDITED FINANCIAL STATEMENTS

NOTE 1 – NATURE OF BUSINESS AND BASIS OF PRESENTATION

Zev Ventures Inc. (the "Company") is a Nevada Corporation, incorporated under the laws of the State of Nevada on December 22, 2014. The Company's business plan involves purchasing tickets online for popular sport's events and reselling them through online marketplaces.

Basis of Presentation

The Company maintains its accounting records on an accrual basis in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP").

These financial statements are presented in US dollars.

Fiscal Year End

The Corporation has adopted a fiscal year end of December 31.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies are set out below, these policies have been consistently applied to the period presented, unless otherwise stated:

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts or revenues and expenses during the reporting period. Actual results could differ from those estimates.

Going concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates the realization of assets and the liquidation of liabilities in the normal course of business. As at December 31, 2017 the Company has a deficit from operations of $99,806 and has not earned sufficient revenues to cover operating costs and has a working capital deficit of $77,506. The Company intends to fund operations through equity financing arrangements, which may be insufficient to fund its capital expenditures, working capital and other cash requirements for the year ending December 31, 2018.
The ability of the Company to emerge from the development stage is dependent upon, among other things, obtaining additional financing to continue operations, and development of its business plan. In response to these problems, management intends to raise additional funds through public or private placement offerings.

These factors, among others, raise substantial doubt about the Company's ability to continue as a going concern. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Cash and cash equivalents

Cash and equivalents include investments with initial maturities of three months or less. The Company maintains its cash balances at credit-worthy financial institutions that are insured by the Federal Deposit Insurance Corporation ("FDIC") up to $250,000.

Inventory

The Company purchases online tickets to sporting events that are held as inventory. Inventories are presented at the lower of cost or net realizable value and are expensed through cost of sales when sold. The company plans to utilize the specific identification method of accounting for inventory since each ticket is identifiable by a unique ticket number and is easy to track from purchase up to sale As at December 31, 2017 the Company has $4,068 in inventories

Property, plant and equipment
The Company does not own any property, plant and equipment.

Accounts Payable and Accrued Expenses
Accounts payable and accrued expenses are carried at amortized cost and represent liabilities for goods and services provided to the Company prior to the end of the financial year that are unpaid and arise when the Company becomes obliged to make future payments in respect of the purchase of these goods and services.

Revenue Recognition
The Company recognizes revenue when all of the following have occurred: persuasive evidence of an agreement with the customer exists, delivery has occurred or services have been rendered, the selling price is fixed or determinable and collectability of the selling price is reasonably assured.
The Company recognizes revenue when the online sale has been processed as delivery has occurred, the selling price has been determined and proceeds have been collected.

Cost of Sales
Cost of sales consists of the cost of merchandise sold to customers.

Income Taxes
Income taxes are accounted for in accordance with ASC Topic 740, "Income Taxes." Under the asset and liability method, deferred tax assets and liabilities are recognized for the future consequences of differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases (temporary differences). Deferred tax assets and liabilities are measured using tax rates expected to apply to taxable income in the years in which those temporary differences are recovered or settled. Valuation allowances for deferred tax assets are established when it is more likely than not that some portion or all of the deferred tax assets will not be realized.

Earnings per Share
The Company computes net loss per share in accordance with ASC 260, "Earnings Per Share" ASC 260 requires presentation of both basic and diluted earnings per share ("EPS") on the face of the income statement. Basic EPS is calculated by dividing the profit or loss attributable to common shareholders of the Company by the weighted average number of common shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to common shareholders and the weighted average number of common shares outstanding for the effects of all potential dilutive common shares, which comprise options granted to employees. As December 30, 2017, the Company had no potentially dilutive shares.

Fair Value of Financial Instruments
The Company measures assets and liabilities at fair value based on an expected exit price as defined by the authoritative guidance on fair value measurements, which represents the amount that would be received on the sale of an asset or paid to transfer a liability, as the case may be, in an orderly transaction between market participants. As such, fair value may be based on assumptions that market participants would use in pricing an asset or liability. The authoritative guidance on fair value measurements establishes a consistent framework for measuring fair value on either a recurring or nonrecurring basis whereby inputs, used in valuation techniques, are assigned a hierarchical level.

The following are the hierarchical levels of inputs to measure fair value:

- Level 1: Quoted prices in active markets for identical instruments;
- Level 2: Other significant observable inputs (including quoted prices in active markets for similar instruments);
- Level 3: Significant unobservable inputs (including assumptions in determining the fair value of certain investments).

Recently Adopted Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued ASU No. 2015-11 "Simplifying the Measurement of Inventory"; guidance which requires inventory within the scope of the standard to be measured at the lower of cost and net realizable value. Previous guidance required inventory to be measured at the lower of cost or market (where market was defined as replacement cost, with a ceiling of net realizable value and floor of net realizable value less a normal profit margin). The updated guidance is effective for interim and annual reporting periods beginning after December 15, 2016, with early adoption permitted. There were various other updates recently issued, none of which are expected to a have a material impact on the Company's financial position, results of operations or cash flows.

The above loan is unsecured, bears no interest and has no set terms of repayment. This loan is repayable on demand.

NOTE 4 – STOCKHOLDER'S DEFICIT

Common Stock
On December 22, 2014, the Company issued 3,000,000 shares of common stock to the director of the Company at a price of $0.0001 per share, for $300 cash.

During June 2017, the company issued 420,000 shares of common stock to shareholders at a price of $0.05 per share, for $21,000 cash.

During July 2017, the company issued 20,000 shares of common stock to shareholders at a price of $0.05 per share, for $1,000 cash.

At July 26, 2017 the company made a share split and gave 4 shares for every share, and issued 10,320,000 shares total 13,760,000.

At July 26, 2017 the director cancelled by 8,000,000 shares of his.

NOTE 5 – INCOME TAXES

The benefit for income taxes for the periods ended December 31, 2017 and December 31, 2016 differ from the amount which would be expected as a result of applying the statutory tax rates to the losses before income taxes due primarily to changes in the valuation allowance to fully reserve net deferred tax assets.
Realization of deferred tax assets is dependent upon sufficient future taxable income during the period that deductible temporary differences and carry-forwards are expected to be available to reduce taxable income.

The components of these differences are as follows:

	December 31, 2017	December 31, 2016
	$	$
Net tax loss carry-forwards	(44,663)	(34,580)
Statutory rate	15%	15%
Expected tax recovery	(6,700)	(5,187)
Change in valuation allowance	6,700	5,187
Income tax provision	—	—

	December 31, 2017	December 31, 2016
	$	$
Components of deferred tax assets:		
Non capital tax loss carry forwards	14,971	8,271
Less: valuation allowance	(14,971)	(8,271)
Net deferred tax asset	—	—

The Company has provided a valuation allowance against the full amount of the deferred tax asset due to management's uncertainty about its realization. As of December 31, 2017 the Company had approximately $99,806 in tax loss carryforwards that can be utilized future periods to reduce taxable income, and expire by the year 2037.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

Evaluation of Disclosure Controls and Procedures

We carried out an evaluation, under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of our disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)). Based upon that evaluation, our principal executive officer and principal financial officer concluded that, as of the end of the period covered in this report, our disclosure controls and procedures were not effective to ensure that information required to be disclosed in reports filed under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the required time periods and is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

Our management, including our principal executive officer and principal financial officer, does not expect that our disclosure controls and procedures or our internal controls will prevent all error or fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints and the benefits of controls must be considered relative to their costs. Due to the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, have been detected. To address the material weaknesses, we performed additional analysis and other post-closing procedures in an effort to ensure our consolidated financial statements included in this annual report have been prepared in accordance with generally accepted accounting principles. Accordingly, management believes that the financial statements included in this report fairly present in all material respects our financial condition, results of operations and cash flows for the periods presented.

Management's Report on Internal Control over Financial Reporting.

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as defined in Rule 13a-15(f) under the Securities Exchange Act, as amended. Internal control over financial reporting is a process designed by, or under the supervision of, the Chief Executive Officer and Principal Accounting Officer and effected by our Board of Directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

The framework our management uses to evaluate the effectiveness of our internal control over financial reporting is based on the guidance provided by the Committee of Sponsoring Organizations (COSO) of 2013 of the Treadway Commission in its 1992 report: INTERNAL CONTROL - INTEGRATED FRAMEWORK. Based on our evaluation under the framework described above, our management has concluded that our internal control over financial reporting was ineffective as of December 31, 2017 due to the same material weaknesses that rendered our disclosure controls and procedures ineffective. The Company's internal control over financial reporting is not effective due to a lack of sufficient resources to hire a support staff in order to separate duties between different individuals. The Company lacks the appropriate personnel to handle all the varying recording and reporting tasks on a timely basis. The Company plans to address these material weaknesses as resources become available by hiring additional professional staff, such as a Chief Financial Officer, as funding becomes available, outsourcing certain aspects of the recording and reporting functions, and separating responsibilities. We have identified the following material weak-nesses.

1. As of December 31, 2017, we did not maintain effective controls over the control environment. Specifically, we have not developed and effectively communicated to our employees the accounting policies and procedures. This has resulted in inconsistent practices. Further, the Board of Directors does not currently have any independent members and no director qualifies as an audit committee financial expert as defined in Item 407(d)(5)(ii) of Regulation S-K. Since these entity level programs have a pervasive effect across the organization, management has determined that these circumstances constitute a material weakness.

2. As of December 31, 2017, we did not maintain effective controls over financial statement disclosure. Specifically, controls were not designed and in place to ensure that all disclosures required were originally addressed in our financial statements. Accordingly, management has determined that this control deficiency constitutes a material weakness.

Because of these material weaknesses, management has concluded that the Company did not maintain effective internal control over financial reporting as of December 31, 2017, based on the criteria established in "INTERNAL CONTROL-INTEGRATED FRAMEWORK" issued by the COSO.

Change In Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting that occurred during our last fiscal year that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Attestation Report of the Registered Public Accounting Firm

This annual report does not include an attestation report of our registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by our registered public accounting firm pursuant to temporary rules of the SEC that permit us to provide only management's report in this annual report.

ITEM 9B. OTHER INFORMATION

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

There are no family relationships among our directors and executive officers. Each director is elected at our annual meeting of shareholders and holds office until the next annual meeting of shareholders, or until his successor is elected and qualified. Also provided herein are brief descriptions of the business experience of each director, executive officer and advisor during the past five years and an indication of directorships held by each director in other companies subject to the reporting requirements under the Federal securities laws. None of our officers or directors is a party adverse to us or has a material interest adverse to us. Our Board of Directors is comprised of only one class of director.

The following table and text set forth the names and ages of all directors and executive officers.

Name	Age	Position
Zev Turetsky	27	Chief Executive Officer, Director, Chairman, Chief Financial Officer, Secretary and Treasurer

Zev Turetsky has held the position of Director since December 22, 2014, and the positions of President, CEO, CFO, Secretary, and Treasurer since December 22, 2014. The person named above are expected to hold their offices/positions until the next annual meeting of our stockholders. The officer and director set forth herein is our only officer, director, promoter and control person, as that term is defined in the rules and regulations promulgated under the Securities and Exchange Act of 1933.

Zev Turetsky, the President and Director of the Company, currently devotes up to 20 hours per week to Company matters. After receiving funding per our business plan, Mr. Turetsky will continue to devote up 30% of his time (20 hours per week) to manage the affairs of the Company.

Involvement in Certain Legal Proceedings

No executive officer or director of the corporation has been the subject of any order, judgment, or decree of any court of competent jurisdiction, or any regulatory agency permanently or temporarily enjoining, barring, suspending or otherwise limiting him or her from acting as an investment advisor, underwriter, broker or dealer in the securities industry, or as an affiliated person, director or employee of an investment company, bank, savings and loan association, or insurance company or from engaging in or continuing any conduct or practice in connection with any such activity or in connection with the purchase or sale of any securities.

No executive officer or director of the corporation has been convicted in any criminal proceeding (excluding traffic violations) or is the subject of a criminal proceeding that is currently pending.

No executive officer or director of the corporation is the subject of any pending legal proceedings

Committees of the Board of Directors

We do not presently have a separately constituted audit committee, compensation committee, nominating committee, executive committee or any other committee of our Board of Directors. As such, our entire Board of Directors acts as our audit committee.

Audit Committee Financial Expert

Our Board of Directors does not currently have any member who qualifies as an audit committee financial expert. We believe that the cost of retaining such a financial expert at this time is prohibitive. Further, because we are a development stage business, we believe the services of an audit committee financial expert are not necessary at this time.

Code of Ethics

We do not currently have a Code of Ethics applicable to our principal executive, financial and accounting officers.

Potential Conflict of Interest

Since we do not have an audit or compensation committee comprised of independent directors, the functions that would have been performed by such committees are performed by our Board of Directors. Thus, there is a potential conflict of interest in that our sole director has the authority to determine issues concerning management compensation, including his own, and audit issues that may affect management decisions. We are not aware of any other conflicts of interest with any of our officers or sole director.

Board of Director's Role in Risk Oversight

The Board of Directors assesses on an ongoing basis the risks faced by the Company. These risks include financial, technological, competitive and operational risks. The Board of Directors dedicates time at each of its meetings to review and consider the relevant risks faced at that time. In addition, since the Company does not have an Audit Committee, the Board of Directors is also responsible for the assessment and oversight of the Company's financial risk exposures.

Compliance with Section 16(A) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934, as amended, require the Company's executive officers, directors and persons who own more than 10% of a registered class of the Company's equity securities, to file with the SEC initial statements of beneficial ownership, reports of changes in ownership, and annual reports concerning their ownership of common stock and other equity securities of the Company on Form(s) 3, 4, and 5, respectively. Executive officers, directors and greater than 10% shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) reports they file.

Based solely on our review of the copies of such forms received by us, or written representations from certain reporting persons, we believe that for the fiscal year ended December 31, 2016 all filing requirements applicable to our officers, directors and greater than 10% percent beneficial owners were complied with and that there were no deficiencies.

ITEM 11. EXECUTIVE COMPENSATION

The following table sets forth, for each of the last two completed fiscal years of the Company, the total compensation awarded to, earned by or paid to any person who was a principal executive officer during the preceding fiscal year and every other highest compensated executive officers earning more than $100,000 during the last fiscal year (together, the "Named Executive Officers").

All compensation received by our officers and directors has been disclosed. There are no stock option, retirement, pension or profit sharing plans for the benefit of our officers and directors.

Employment Agreements

We have not entered into any employment agreements with any of our officers or directors. As of the date of this Annual Report we had no employees other than those listed above. All future employment arrangements are subject to the discretion of our Board of Directors.

Long-Term Incentive Plan Awards

We do not have any long-term incentive plans that provide compensation intended to serve as incentive for performance.

Officer Compensation

None.

Director Compensation

We have no plans to begin paying our directors any cash compensation until our business becomes operationally profitable. We may, however, reimburse our directors for any out-of-pocket travel and lodging expenses associated with their attendance of Board meetings.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following table sets forth information regarding beneficial ownership as of March 19th, 2018 by (i) each named executive officer, (ii) each member of our Board of Directors, (iii) each person deemed to be the beneficial owner of more than five percent (5%) of any class of our common stock, and (iv) all of our executive officers and directors as a group. Unless otherwise indicated, each person named in the following table is assumed to have sole voting power and investment power with respect to all shares of our common stock listed as owned by such person.

Name of Beneficial Owner	Shares of Common Stock	Percentage of Class (Common)	Shares of Preferred Stock	Percentage of Class (Preferred)
Officers and Directors				
Zev Turetsky	3,000,000	100%	-0-	0%
President, CEO, and Director				
Five Percent Stockholders				
None				

Securities Authorized for Issuance Under Equity Compensation Plans

None.

Changes in Control

We are unaware of any contract or other arrangement that could result in a change of control of the Company.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

As of the date of this report, we have no independent directors or related transactions.

Director Independence

We are not subject to listing requirements of any national securities exchange or national securities association and, as a result, we are not at this time required to have our board comprised of a majority of “independent directors.”

ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES

Audit Fees.

The aggregate fees billed in each of the fiscal years ended December 31, 2017 and 2016 for professional services rendered by the principal accountant for the audit of our annual financial statements and quarterly review of the financial statements included in our Form 10-K, or services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for those fiscal years were $10,000 and $10,000 respectively.

Audit-Related Fees.

For each of the fiscal years ended December 31, 2017 and 2016, there were no fees billed for services reasonably related to the performance of the audit or review of the financial statements outside of those fees disclosed above under “Audit Fees.”

Tax Fees.

None.

All Other Fees.

None.

Pre-Approval Policies and Procedures.

Prior to engaging our accountants to perform a particular service, our Board of Directors obtains an estimate for the service to be performed. All of the services described above were approved by the Board of Directors in accordance with its procedures.
